Since 2007, making life easier

Novaf was founded in mid-2007 with the goal of making life easier for people with mobility challenges, driven by the belief that anyone who wishes to participate in any activity can and should be able to do so.

In response to this need, we develop products designed to improve quality of life, especially during leisure time, for people with reduced mobility as well as their family and friends.

OCEANIC ATLANTIC XS AMPHIBIOUS CHAIR

The **Oceanic Atlantic XS Amphibious Chair** is designed to allow young users with reduced mobility to safely access beaches and pools. It is comfortable, secure, and easy to use on sandy and aquatic terrain.

 55.1" length	 31.4" width	 143.3 lbs load capacity
 39.3" height	 33 lbs weight	

"At NOVAF, we believe inclusive leisure is a right, not a privilege. We make the places you love accessible."

OCEANIC SUN BEACH LOUNGER Option 1

The **Oceanic Sun Beach Lounger** is the best lounge chair on the market adapted for people with reduced mobility. It features a seat height of approximately 19" from the ground and offers excellent stability. Additionally, it is fully foldable for easy transportation and storage. It is comfortable and easy to manoeuvre.

	78.7" length		36.2" width
	44.8" height		22.04 lbs weight
			275.5 lbs load capacity

OCEANIC SUN BEACH LOUNGER Option 2

It is very light, made of aluminum and anti-corrosive materials to extend the life of the product. Its puncture free wheels are large in diameter to improve both agility and handling. It is also complemented with folding arms.

	88.6" length		36.2" width
	44.8" height		25.35 lbs weight
	275.5 lbs load capacity		

OCEANIC COMFORT

OCEANIC COMFORT is a lounge for the beach, pool, or simply sunbathing. It makes the transition from a wheelchair to the lounge more comfortable thanks to its seat height, width, adjustable backrest, and stability.
